

# QUAIL CUSTOMIZATION PROCESS

1. Develop house plans with Jon Girod and Designer.
2. Design Survey – our in-house Interior Designer; Nicole, will reach out to schedule your first meeting and send you our design survey and collage homework project.
3. Once survey is received, a customized standard selection package for your home is created and email to you to review prior to your first meeting.
4. First selections meeting – we review your standard selections package, answer any questions, and note any selections decisions made.
5. We will set you up to go shopping with our vendors at the first meeting as well.
6. Second selections meeting- Review mirrors, shower doors, bathroom accessory layouts and millwork in more detail.
7. Third selections meeting – We will review with you all selections made while you were shopping, exterior elements and interior paint.
8. Fourth selections meeting- Review in more detail the electrical layout, and lighting fixtures.
9. Selection sign off – We will compile all of your selection into one package for you to review and sign off so you are ready for Construction!

**Please visit our website, choose “plans”, watch video!**

## QUAIL CUSTOMIZATION SAMPLES

“Nicole was TERRIFIC! Even though we built/designed houses for 20 years we really depended on her guidance/input. We got to the point that we checked with her before making any design decisions. Because of that our house came out even BETTER than anticipated. She was also able to take our design ideas and help translate them into reality!”
